Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, construction work on IL 40 between Chadwick and Milledgeville will begin on Monday, April 13, 2015. The project will improve the 8 miles of IL 40 from 1st Street in Chadwick to Stover Avenue in Milledgeville. Martin & Company Excavating is the contractor for the \$2.2 million project that is scheduled to be completed by the end of July.

The project involves milling off some of the existing bituminous overlays, making pavement repairs, and resurfacing the roadway. Traffic will be restricted to one lane and controlled by flaggers. Drivers should be prepared to stop for the flaggers who will be directing motorists past the work areas.

Please slow down and use extreme caution while driving through all work zones.
